CHANDELIERS FROM BOHEMIA

CRYSTALLINE

ARS ILLUSTRANDI
COLLECTION

CRYSTALLINE

is inspired by the soothing atmosphere of a gurgling waterfall, bringing a sense of harmony and tranquillity to the whole space. The waving water surface that reflects the rays of the sun is one of Nature's beauties that can be compared to the glitter of cut glass. This lighting fixture clearly shows us how to capture the essence of these beauties and bring them into the interior with the help of glass and crystal trimmings.

NOTE

CRYSTALLINE is based on slumped wavy glass in combination with a rich quantity of trimmings.

Lighting fixtures are shown here for the purposes of illustration only and the designs can be tailored depending on the client's requirements and technical feasibility. Likewise, the full range of surface finishes and colour designs may be more extensive than those shown.
