

**ORBITA ELEGANCE**  
COLLECTION

**ARTGLASS**  
CHANDELIERS FROM BOHEMIA

We present a brand-new collection of circular chandeliers called Orbita Elegance. This collection is full of elegant lighting fixtures that act also as exquisite design elements. With their simple yet sophisticated circular design, they offer a harmonious balance of style and functionality.

You can get chandeliers from the Orbita Elegance collection in different diameters and surface finishes, and as always, we can also make a lighting fixture directly tailored to your requirements.

## PRISMATIC

Sparkling crystal prisms play a significant role in the design of Prismatic chandeliers. The minimal amount of metal allows the cut glass pieces to stand out fully, illuminating your interior with all the colours of the spectrum.
